

Cirrus Laboratory System

Price Quotation Worksheet:

To give us a better understanding of your LIS needs, we need you to provide the following information. If you have an existing LIS and know the number of concurrent users you currently have licensed, that would be extremely helpful. When calculating the number of staff in each lab area, as well as, the number of instruments in use, decide what growth you are anticipating in the near term so that your implementation can best reflect your goals.
